Cycle Hire Antibes - Experience the Cote on an e-bike

Antibes is located between Nice and Cannes right in the middle of the Côte d'Azur. Antibes was a Greek trading post 2500 years ago. The succes of the city is largely due to the Romans and still much of this history can be found in the beautiful old town. But Antibes is not only known for its history, but also for world famous artist Picasso, sunny beaches, luxury houses and hotels, the lively nightlife, the wonderful warm climate and his world famous Marina.

For cycling go inland or ride along the stunning coast up to Monaco, Nice or the other direction

southwards to Cannes and Saint Rafael. Nice rides and certainly recommended are the climbs to Col de La Madone and Col du Vence. Ride from Juan Les Pins to the historic village of Vence. This twelve century perched village has the perfect starting point for a fantastic ride in the backyards of the Mediterranean Sea. The circuit is roughly 90 km (56 miles) with the climb of Col de Vence at the end.

The climb is relatively steep but not especially hard. The ride starts with a short climb then a decent to Gorges du Loup from here you head to the typical perched village of Coursegoules. Virtually it's a 40 km downhill ride back to Vence before you tackle Col du Vence.
Or ride up to the yachts in Monaco's main port before heading to Menton. From this popular village you take the route up to Lance Armstongs Col de Madone!
