FAMILY VILLAGE

Bike Friendly Rimini Family Village is your choice for a wonderful cycling holiday

From the historical beauties of Rimini to the Valmarecchia, through the hilly villages of the hinterland: the bicycle is the perfect means to transport to discover the rich cultural and natural heritage of the area. Among fascinating historical centers, narrow streets far from traffic, and some hilly spurts that require the right energy, it will be a pleasure to enjoy your holiday from a privileged point of view: that of your bike saddle!

The Bike Village Rimini offers services and activities dedicated to those who choose a holiday on two wheels. Leave your bike safely in your lodge and take advantage of all the opportunities: the bike service is a dedicated area for the maintenance of your bike, with the bike station (a small and well-equipped workshop) and the bike wash station, that is a self-service area for washing your bike. Guests can rent both bikes and pedal-assisted bikes and consult an information totem with details of itineraries in the area and activities dedicated to cycling. Every week our local guide will accompany you on easy itineraries to discover the art city of Rimini or the villages and nature of the Malatesta Hills. You can also take advantage of two digital itineraries with departure and arrival at the Village, to explore the area and its many attractions on your own.
